

**Afghan United Bank**  
**Audited Financial Statements**  
**along with Accompanying Information**  
**For the year ended as at December 31,2023**

## INDEPENDENT AUDITORS' REPORT

To the shareholders of Afghan United Bank

### *Opinion*

We have audited the financial statements of Afghan United Bank ("the Bank"), which comprise the statement of financial position as at December 31, 2023, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Bank as at December 31, 2023, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the Law of Banking in Afghanistan and directives issued by the Central Bank of Afghanistan (DAB).

### *Basis for Opinion*

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of Financial Statements* section of our report. We are independent of the Bank in accordance with the International Ethics Standard Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Afghanistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Emphasis of Matter*

1. We draw attention to the note no. 8.5.1 of these financial statements, which describes the effects of suspension of "Asset Classifications and Provisioning Regulations" by the Da Afghanistan Bank. Our opinion is not modified in respect of this matter.

### *Other Matter*

The financial statements of the Bank for the year ended December 31, 2022, were audited by another auditor who expressed an unmodified opinion on those financial statements on March 23, 2023.

### *Key Audit Matters*

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there is no key audit matter to communicate in our report.

### *Responsibility of Management and Those Charged with Governance for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB) and with the requirements of the Law of Banking in Afghanistan and directives issued by the Da Afghanistan Bank (DAB), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

### *Auditor's Responsibility*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**AFGHAN UNITED BANK**

Notes to the Financial Statements

For the year ended December 31, 2023

**1 STATUS AND NATURE OF BUSINESS**

1.1 The Bank commenced its operations on 4 October 2007 under the license of commercial banking issued by Da Afghanistan bank (DAB) under the Law of Banking in Afghanistan. It is a full fledge bank principally engaged in the business of commercial banking with a network of 33 operational branches including two full fledge Islamic banking branches in different provinces of Afghanistan. The bank also holds license from Afghanistan Investment Support Agency (AISA) bearing license no: D-27284. The registered office of the Bank is located at Shahr-e-Naw, Kabul, Afghanistan.

**2 STATEMENT OF COMPLIANCE**

2.1 These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB), the requirements of the Law of Banking in Afghanistan. In case requirements differ, the provisions of the Law of Banking in Afghanistan shall prevail.

**2.2 Standards, amendments and interpretations to publish accounting standards that became effective in the current year**

Amendment to standards issued and effective beginning 1 January 2023:

- IFRS 10 - Consolidated Financial Statements and IAS 28 (Not yet finalized)
- IFRS 17: Insurance Contracts and related amendments to IFRS 17
- Definition of Accounting Estimates (Amendments to IAS 8)
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)
- Deferred Tax related to Assets and Liabilities arising from a Single IFRS Practice Statement 2)
- Classification of Liabilities as Current or Non-current (Amendments to IAS 1)

The above standards and interpretations do not have a significant impact on the financial statements and therefore the disclosure have not been made.

Da Afghanistan Bank (DAB) vide its circular number 298 dated Hamal 8, 1398 (March 28, 2019), initially deferred the applicability of IFRS 9 "Financial Instruments" till January 1, 2021. DAB in its communication dated January 12, 2021 has indefinitely delayed the implementation of IFRS 9.

**2.3 Standards, amendments and interpretations to publish approved accounting standards that are not yet effective and have not been adopted early by the Bank**

Standard and amendments	Effective date (annual period beginning on or after)
<b>IFRS Sustainability Disclosure Standards</b>	
- IFRS S1 General Requirements for Disclosure of Sustainability-related Financial Information	1 January 2024
- IFRS S2 Climate-related Disclosures	1 January 2024
<b>International Financial Reporting Standards (IFRSs)</b>	
- Amendment to IFRS 16 – Leases on sale and leaseback	1 January 2024
- Amendment to IAS 1 – Non-current liabilities with covenants	1 January 2024
- Amendment to IAS 7 and IFRS 7 - Supplier finance	1 January 2024

Lecc

# AFGHAN UNITED BANK

## Notes to the Financial Statements

For the year ended December 31, 2023

- Amendments to IAS 21 - Lack of Exchangeability

1 January 2025

The above standards, amendments and interpretations are not expected to have a significant impact on the financial statements in the period of initial application and therefore the disclosures have not been made. Management anticipates that all relevant pronouncements will be adopted for the first period beginning on or after the effective date of the pronouncement. Management does not intend to adopt any of the above standards, interpretations, and amendments earlier than the applicable date.

### 3 BASIS OF PREPARATION

#### 3.1 Basis of measurement

These financial statements have been prepared on the historical cost basis except as otherwise disclosed in accounting policies.

#### 3.2 Use of critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are described in the following:

- a) Note 7.5 Provision against investments
- b) Note 8.5 Provision against non-performing loans and advances to customers
- c) Note 9.1 Depreciation rates for property and equipment
- d) Note 10.1 Amortization rates for intangible assets
- e) Note 24 Income taxes

#### 3.3 Functional and presentation currency

These financial statements are presented in Afghani (AFN), which is the Bank's functional currency. Except as otherwise indicated, financial information presented in AFN has been rounded to the nearest thousand.

*Lece*

# AFGHAN UNITED BANK

## Notes to the Financial Statements

For the year ended December 31, 2023

### 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented unless or otherwise stated.

#### 4.1 Cash and cash equivalents

For the purposes of cash flow statement, cash and cash equivalents comprise of cash and balances with the Central Bank (unrestricted), balances with other banks and investments having original maturity of less than three months.

#### 4.2 Financial instruments

##### Recognition, initial measurement and de-recognition

Financial assets and financial liabilities are recognized when the Bank becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are de-recognized when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is de-recognized when it is extinguished, discharged, cancelled or expires.

##### Classification and subsequent measurement of financial assets and financial liabilities

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

1. Designation at fair value through profit or loss (FVTPL)
2. Held for trading
3. Loans and receivables
4. Held to maturity
5. Available for sale

All financial assets are subject to review for impairment at least at each reporting date to identify whether there is any objective evidence that a financial asset or a group of financial assets is impaired.

#### a) Classification, recognition and subsequent measurement of financial assets

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial recognition, these are measured at amortized cost using the effective interest method, less provision for impairment. The Bank's cash and cash equivalents, investments (other than held for trading), loans and receivables and other assets fall into this category of financial instruments.

The Bank determines allowance for impairment loans and advances in accordance with "Asset Classifications and Provisioning Regulation" issued by DAB.

At each reporting date, the Bank assesses whether there is objective evidence that financial assets which are not carried at fair value through profit or loss are impaired or not. Financial assets or a group of financial assets are impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the assets, and that the loss event has an impact on the future cash flows on the assets that can be estimated reliably.

The criteria that Bank uses to determine that there is objective evidence that there is an indication to impairment loss includes 1) default or delinquency by a borrower 2) restructuring of a loan or advance by the *Lecca*

## AFGHAN UNITED BANK

### Notes to the Financial Statements

For the year ended December 31, 2023

Bank on terms that the Bank would not otherwise consider 3) indication that a borrower or issuer will enter bankruptcy 4) disappearance of an active for a security 5) other observable data relating to a group of assets such as adverse changes in the payment status of borrowers or issuers in the Bank, or economic conditions that correlate with defaults in the Bank.

The Bank considers evidence of impairment for financial assets at both a specific asset and collective level. All individually significant financial assets are assessed for specific impairment. All significant assets found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Assets that are not individually significant are collectively assessed for impairment by grouping together financial assets (carried at amortized cost) with similar risk characteristics.

Impairment losses on assets carried at amortized cost are measured as the difference between the carrying amount of the financial assets and the present value of estimated future cash flows discounted at the assets' original effective interest rate (if any). Losses are recognized in statement of comprehensive income and reflected in an allowance account against financial assets. When a subsequent event causes the amount of impairment loss to decrease, the impairment loss is reversed through statement of comprehensive income.

The Bank writes off certain loans and advances when they are determined to be uncollectable.

#### b) Classification and subsequent measurement of financial liabilities

Financial liabilities are measured subsequently at amortized cost using the effective interest method, except for financial liabilities held for trading or designated at FVTPL, that are carried subsequently at fair value with gains or losses recognized in statement of comprehensive income. All derivative financial instruments that are not designated and effective as hedging instruments are accounted for at FVTPL.

#### 4.3 Investment in equity instruments

Investment in equity instruments is carried at cost less impairment if any.

#### 4.4 Leased assets

##### *The Bank as a Lessee*

For any new contracts entered into on or after 1 January 2019, the Bank considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'. To apply this definition the Bank assesses whether the contract meets three key evaluations which are whether:

- a) The contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Bank;
- b) The Bank has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract; and
- c) The Bank has the right to direct the use of the identified asset throughout the period of use. The Bank assesses whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

##### *Measurement and recognition of leases as a lessee*

At lease commencement date, the Bank recognizes a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Bank, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

Leco

## AFGHAN UNITED BANK

### Notes to the Financial Statements

For the year ended December 31, 2023

The Bank depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Bank also assesses the right-of-use asset for impairment when such indicators exist. At the commencement date, the Bank measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Bank's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero. The Bank has elected to account for short-term leases and leases of low value assets, i.e., less than AFN 750,000, using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in profit or loss on a straight-line basis over the lease term.

On the statement of financial position, right-of-use assets have been included in property and equipment within operating fixed assets and lease liabilities have been included in other liabilities and disclosed in notes to the financial statement.

#### *Extension options for leases*

When the Bank has the option to extend a lease, management uses its judgement to determine whether or not an option would be reasonably certain to be exercised. Management considers all facts and circumstances including their past practice and any cost that will be incurred to change the asset if an option to extend is not taken, to help them determine the lease term.

*Lea*

# AFGHAN UNITED BANK

## Notes to the Financial Statements

For the year ended December 31, 2023

### 4.5 Loans and advances

Loans and advances are stated net of provisions against non-performing loans and advances. Specific and general provision are made based on an appraisal of the loan portfolio that takes into account Regulations and other directives issued by the Da Afghanistan Bank from time to time.

The provisions made / reversed during the year are charged to the statement of comprehensive income and accumulated provision is netted off against loans and advances. Loans and advances are written off when there is no realistic prospect of recovery or when the regulation requires.

In Murabaha transactions, the Bank purchases the goods through its agent or client and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction. Under Murabaha financing, funds disbursed for purchase of goods are recorded as 'Advance against Murabaha finance'. On culmination of Murabaha i.e., sale of goods to customers, Murabaha financing are recorded at the deferred sale price. Goods purchased but remaining unsold at the statement of financial position date are shown as inventories.

### 4.6 Property and equipment

#### Owned

Property and equipment are stated at cost or revalued amounts less accumulated depreciation and accumulated impairment losses thereon. Cost includes expenditure that is directly attributable to the acquisition of fixed assets. Furniture and fixtures, computer equipment and office equipment are stated at revalued amounts less accumulated depreciation.

Subsequent costs are included in the asset's carrying amount or are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the bank and the cost of the item can be measured reliably. All other repairs and maintenance expenditures are charged to profit or loss during the period in which they are incurred.

Surplus arising on revaluation is credited to the 'revaluation reserve' account (net of deferred tax) whereas deficit (if any) is adjusted against the balance in the above-mentioned surplus account. The revaluation is carried out with sufficient regularity to ensure that the carrying amount does not differ materially from that which would have been determined using fair value at the balance sheet date.

Surplus on revaluation of fixed assets (net of deferred tax) is transferred to retained earnings to the extent of incremental depreciation charged on related assets.

Land is not depreciated. Depreciation on all other fixed assets is calculated using the straight-line method to allocate their depreciable cost or revalued amount to their residual values over their estimated useful lives. The depreciation method, residual values and useful lives of fixed assets are reviewed and adjusted (if appropriate) at each balance sheet date. Net gains and losses on disposal or derecognition of fixed assets are included in statement of comprehensive income currently.

Leca

# AFGHAN UNITED BANK

## Notes to the Financial Statements

For the year ended December 31, 2023

### Depreciation

Depreciation is recognized in profit or loss account on straight-line basis from the month an asset is put in use over the estimated useful lives of each part of an item of property and equipment since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

The estimated useful lives for the current and comparative periods are as follows:

-	Office Buildings	20 years
-	Furniture and fixtures	5 years
-	Computer equipment	3.3 years
-	Vehicles	4 years
-	Office equipment	4 years

### 4.7 Intangible assets

Intangible assets include computer software which are capitalized on the basis of costs incurred to acquire and bring those to use for intended purpose. Subsequent expenditure on intangible asset is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

These costs are amortized over their expected useful lives using the straight-line method from the date it is available for use since this most closely reflects the pattern of consumption of the future economic benefits embodied in the asset.

The estimated useful life of software is three to ten years. Amortization methods, useful lives and residual values are reassessed at each financial year end and adjusted, if appropriate.

### 4.8 Impairment of non-financial assets

The carrying amounts of the Bank's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

The recoverable amount of an asset is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

### 4.9 Deposits

These are recorded at the amount of proceeds received.

### 4.10 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the profit or loss except to the extent that it relates to items recognized directly in equity or in other comprehensive income.

Lea

# AFGHAN UNITED BANK

## Notes to the Financial Statements

For the year ended December 31, 2023

### Current tax

Current tax is the expected tax payable or receivable on the taxable income for the year (using tax rates enacted or substantively enacted at the balance sheet date), and any adjustment to tax payable in respect of previous years.

### Deferred tax

Deferred tax is provided for using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized on temporary differences relating to: (i) the initial recognition of goodwill; (ii) the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; and (iii) differences relating to investments in subsidiaries to the extent that they probably will not reverse in the foreseeable future.

Deferred tax is measured at tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

#### 4.11 Employee compensation

Short-term employee benefits are measured on an undiscounted basis and are expensed as the related service is provided. The Bank does not provide any retirement benefits to its employees.

#### 4.12 Foreign currency transactions

Transactions in foreign currencies are translated to AFN at exchange rates prevailing at the date of transaction.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to AFN at the exchange rate prevailing at that reporting date. Foreign currency differences arising on retranslation are recognized in profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of transaction.

#### 4.13 Interest income and expense

Mark-up /interest /return on advances and investments is recognized in the profit or loss using effective interest rate method, and in case of advances classified as doubtful or loss, mark-up is recognized on receipt basis. Mark-up /interest /return on rescheduled /restructured loans and advances and investments is recognized as permitted by DAB. Income from Murabaha is accounted for on a time proportionate basis over the period of Murabaha transaction. Gain or loss on sale of investments is recognized in profit or loss in the year in which these arise. The rentals from Ijarah are recognized as income over the term of the contract net of depreciation expense relating to the Ijarah assets.

The effective interest method is a method of calculating the amortized cost of a financial asset or a financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset or financial liability.

Lea

# AFGHAN UNITED BANK

## Notes to the Financial Statements

For the year ended December 31, 2023

When calculating the effective interest rate, the Bank estimates cash flows considering all contractual terms of the financial instrument but does not consider future credit losses. The calculation includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

### 4.14 Fee and commission

Fees and commission income include account servicing fees and commission on transfers and are recognized as the related services are performed. Fees and commission expense relate mainly to transaction and service fees, which are expensed as the services are received.

### 4.15 Lease payments

Payments under operating leases are recognized in profit or loss on straight-line basis over the term of the lease. Lease incentives received are recognized as an integral part of the total lease expense, over the term of the lease.

### 4.16 Provisions

Provisions for restructuring costs and legal claims are recognized when:

- a) the Bank has a present legal or constructive obligation as a result of past events;
- b) it is more likely than not that an outflow of resources will be required to settle the obligation; and
- c) The amount has been reliably estimated.

Provision for guarantee claims and other off-balance sheet obligations is recognized when intimated and reasonable certainty exists to settle the obligations.

### 4.17 Off-setting

Financial assets and liabilities are set off and the net amount presented in the statement of financial position when, and only when, the Bank has a legal right to set off the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

### 4.18 Dividend and appropriations to reserves

Dividends and appropriations to reserves are recognized in the year in which these are approved, except appropriations required by the law which are recorded in the period to which they pertain.

- 8.5.1** Circular reference number RSR No: 11068 dated December 22, 2021, issued by the Da Afghanistan Bank provides relief to the banks to maintain the asset classification as of June 30, 2021 and loan loss provision made as of that date. Consequently, the Bank has maintained the asset classification and provisioning as of June 30, 2021. Subsequent deterioration in the assets classification and any resulting increase has not been incorporated.

During the year, with regard to waiving off the implications of 'Asset Classification and Provisioning Regulations 2017' issued by Da Afghanistan Bank (DAB) was granted through letter no. 12398/12923 dated 22 Ramzan 1444- Islamic Hijri Date, 24 Hamal 1402 Hijri Shamsi Date (April 13, 2023) till April 02, 2024.

Subsequently the Banks have approached the Da Afghanistan Bank (DAB) through the forum of the Afghanistan Banking Association vide letter reference ABA-2404 dated 24 Dalwa 1402 for further waiver of the ACPR implications till the end of 2024. In response to this vide letter no. 11227/11096 dated 27-09-1445 Islamic Hijri Date (April 04, 2024) Da Afghanistan bank has extended another waiver of Asset Classification and Provisioning regulations (ACPR) implementation date till October 02, 2024.

This regulation deals with provisioning against loans and advances, suspension of interest on non-performing loans, re-possessed assets, classification of off-balance sheet items, classification of investments and other assets, credit risk management, etc. The objective was to protect the banking sector from immense risk of default and financial impact of current economic turmoil.

Notes to the Financial Statements

For the year ended December 31, 2023

- 9.2 The Bank's land and building were revalued on May and June 2019, however other items including furniture and fixtures, computer equipment, office equipment and Vehicle were revalued in the month of September 2019, by independent accredited professional valuer, Rayan Kabul Consulting Services Company. The valuation performed by the valuers was based on active market prices, adjusted for any difference in the nature, location or condition of the specific revalued asset. Approval was secured from Da Afghanistan Bank (DAB) through official email on 12 April 2020 for all class of assets. The revaluation has resulted in a net surplus of Afs 685.016 million over the book value. DAB had approved 70% of this surplus on 12 April 2020 which aggregates to Afs 479.511 million.

The cost/ revalued amount of fully depreciated property and equipment still in use are as follows:

### 27 FINANCIAL RISK MANAGEMENT

#### 27.1 Introduction and overview

The Bank has exposure to the following risks from its use of financial instruments:

- a) credit risks
- b) liquidity risks
- c) market risks
- d) operational risks

This note presents information about Bank's exposure to each of the above risks, the Bank's objectives, policies and processes for measuring and managing risk, and the Bank's management of capital.

#### **Risk management framework**

The Board of Supervisors has overall responsibility for the establishment and oversight of risk management framework of the Bank. The Board has established a Risk Management Committee to review and monitor the various risks faced by the Bank in the regular course of business and guide with suitable strategy and direction for mitigation. Different functional departments are entrusted with the ownership for management of these risks by implementing suitable systems & procedures duly to comply with the regulatory guidelines and laws.

The Bank has established Operational Risk Management Committee and Credit Risk Management Committee at Management level to review and monitor operational risk and credit risk respectively.

The Bank has put in place a Risk Management Policy for Conventional Banking, apart from a separate Islamic Banking Risk Management Policy to deal with the risks relating to Islamic Banking activities. The Bank has developed a stress testing policy covering Credit Risk, Market Risk, and Liquidity Risk, which is a forward looking exercise to evaluate the impact on the Bank's financial position under severe but plausible scenarios. The output shall be used for risk mitigation methods, contingency plans, capital and liquidity management plans in stressed circumstances.

In the overall process of risk management of various risks encountered by the Bank, certain tools, models, frameworks are developed for identification, assessment and monitoring of risks.

The Board's Audit and Risk Committees are responsible for monitoring compliance with the Bank's risk management policies and procedures, and for reviewing the adequacy of the risk management framework in relation to the risks faced by the Bank. The Audit Committee is assisted in these functions by the Internal Audit and Compliance departments whereas Risk Committee is provided frequent feedback by Risk Department.

#### a) **Credit risk**

Credit risk is the risk of financial loss to the Bank if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Bank's loans and advances to customers and placements with other banks. For risk management reporting purposes, the Bank considers and consolidates all elements of credit risk exposure.

Leca

## AFGHAN UNITED BANK

Notes to the Financial Statements

For the year ended December 31, 2023

### Management of credit risk

The Bank has both Board of Management and Board of Supervisors level Credit Committees to mitigate the credit risks. Credit Department, reporting to the Credit Committee is responsible for managing the Bank's credit risk while the Board is responsible for oversight of same. The Credit Department is headed by the Chief Credit Officer (CCO). The Chief Credit Officer along with Credit Department staff look after credit risk matters and conduct portfolio analysis for managing credit risk.

The Bank has established and maintained a sound loan portfolio in terms of a well-defined credit policy approved by the Board. The credit evaluation system comprises of a well designed credit appraisal, sanctioning and review procedures for the purposes of emphasizing prudence in lending activities and ensuring the high quality of asset portfolio.

The amount of credit risk is represented by the carrying amounts of the assets on the balance sheet date. Exposure to credit risk is managed through regular analyses of borrowers to meet interest and capital repayment obligations and by changing their lending limits where appropriate. Exposure to credit risk is also managed through personal guarantees of the borrowers and mortgage of immoveable properties duly registered with the court of law and hypothecation over stock duly verified by the Bank's Credit Officers on a monthly basis.

### Exposure to credit risk

The Bank's maximum exposure to credit risk is the carrying amount of financial assets at the reporting date, as summarized below:

	2023	2022
	AFN '000'	
<b>Classes of financial assets</b>		
Balances with other banks	5,399,929	6,768,499
Investments	1,514,828	1,057,162
Loans and advances to customers	4,333,110	4,807,993
Other assets	1,032,882	1,099,891
Total carrying amounts	<u>12,280,748</u>	<u>13,733,544</u>

As at the balance sheet date, all of the loan portfolio of the Bank is recoverable and all the assets which are past due, are provided for as per DAB guidelines.

In addition to the above, the Bank has issued financial guarantees and letter of credits contracts for which the maximum amount payable by the Bank assuming all guarantees/ letter of credits (less margin) are called on, is AFN 2,210 million (2022: AFN 3,171 million).

The Bank's management considers that all the above financial assets that are not impaired or past due on the reporting dates under review, are of good credit quality. The credit risk for cash and balances with central bank, balances with other banks, investments and other assets are considered negligible.

Lecc

## AFGHAN UNITED BANK

Notes to the Financial Statements

For the year ended December 31, 2023

### Allowances for impairment

The Bank establishes an allowance for impairment losses on assets carried at amortized cost that represents its estimate of incurred losses in its loan portfolio. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loan loss allowance established for the groups of homogeneous assets in respect of losses that have been incurred but have not been identified on loans that are considered individually insignificant as well as individually significant exposures that were subject to individual assessment for impairment but not found to be individually impaired.

### Write-off policy

The Bank writes off loans or advances and any related allowances for impairment losses, when the loans are outstanding for more than 481 days, as per DAB regulation. This determination is reached after considering information such as the occurrence of significant changes in the borrower's financial position or that proceeds from collateral will not be sufficient to pay back the entire exposure. Before allowing the loan to be written off, it is ensured that all possible avenues of recovery, inclusive of legal action are exhausted.

The Bank holds collateral against loans and advances in the form of property documents, pledge of stocks and scratch cards, assignment of receivables and guarantees.

### Settlement risk

The Bank's activities may give rise to risk at the time of settlement of transactions and trades. Settlement risk is the risk of loss due to the failure of an entity to honor its obligation to deliver cash or other financial assets as contractually agreed.

### Concentration of credit risks by industry

The Bank monitors concentrations of credit risk by industry. An analysis of concentrations of credit risk of loans and advances to customers at reporting date is as follows:

	Note	<u>2023</u>	<u>2022</u>
		<u>AFN '000'</u>	
<b>Gros amount</b>	8	<u><b>5,057,309</b></u>	<u><b>6,060,152</b></u>

**AFGHAN UNITED BANK**

Notes to the Financial Statements  
For the year ended December 31, 2023

**b) Liquidity risk**

Liquidity risk is the risk that the Bank will encounter difficulty in meeting obligations from its financial liabilities that are settled by delivering cash or another financial assets.

**Management of liquidity risk**

The Board ensures that the Bank has necessary tools and framework to cater to the requirements of liquidity risk management and the Bank is capable to confronting uneven liquidity scenarios. The Bank's management is responsible for the implementation of sound policies and procedures, keeping in view the strategic direction and risk appetite specified by the Board. The Asset & Liability Committee (ALCO) is entrusted with the responsibility of managing the mismatch in maturities to ensure sufficient available cash flow to meet possible withdrawal of deposits, other commitment or challenges associated with sudden changes in market conditions, whilst enabling the Bank to pursue valued business opportunities. For day to day liquidity risk management, integration of liquidity scenario will ensure that the Bank is best prepared to respond to an unexpected problems.

The Bank relies on deposits from customers as its primary source of funding. Deposits from customers generally have shorter maturities and a large proportion of them are repayable on demand. For day to day liquidity risk management, the management relies on several liquidity scenarios to ensure that the Bank is best prepared to respond to any unexpected problems. Currently Central Bank has improved moratorium on withdrawals with limited withdrawals allowed to individual and corporate customers.

**Exposure to liquidity risk**

The key measure used by the Bank for managing liquidity risk is the ratio of net liquidity assets to deposits from customers. For this purpose, net liquid assets are considered as including cash and cash equivalents less any deposits from banks. A similar, but not identical, calculation is used to measure the Bank's compliance with the liquidity limit established by the Bank's Regulator (Da Afghanistan Bank). Detail of the reported ratio of net liquid assets to deposits from customers at the reporting date and during the reporting period was as follows:

	2023	2022
At the end of the year	64%	52%
Average for the year	60%	51%
Maximum for the year	67%	58%
Minimum for the year	48%	41%

# AFGHAN UNITED BANK

Notes to the Financial Statements

For the year ended December 31, 2023

## Maturity analysis for financial liabilities

		Carrying amount	Gross nominal outflow	Less than 1 month	1-3 months	3 months to 1 year	More than 1 to 5 years
	Note						
<b>December 31, 2023</b>							
Deposits from customers	14	19,599,242	(19,599,242)	(14,965,126)	(1,120,974)	(3,512,553)	(589)
Borrowing from financial institution	15	-	-	-	-	-	-
Other liabilities	17	509,310	(509,310)	(279,465)	-	(126,103)	(103,742)
		<u>20,108,552</u>	<u>(20,108,552)</u>	<u>(15,244,591)</u>	<u>(1,120,974)</u>	<u>(3,638,656)</u>	<u>(104,331)</u>
<b>December 31, 2022</b>							
Deposits from customers	14	15,073,245	(15,073,245)	(9,558,129)	(996,179)	(4,518,348)	(589)
Borrowing from financial institution	15	192,881	(192,881)	-	(192,881)	-	-
Other liabilities	17	469,762	(469,762)	(248,256)	-	(114,415.00)	(107,091)
		<u>15,735,888</u>	<u>(15,735,888)</u>	<u>(9,806,385)</u>	<u>(1,189,060)</u>	<u>(4,632,763)</u>	<u>(107,680)</u>

The above table shows the undiscounted cash flows on the Bank's financial liabilities on the basis of their earliest possible contractual maturity. The gross nominal out flow disclosed in the above table is the contractual, undiscounted cash flow on the financial liability.

### c) Market risk

Market risk is the risk that changes in market prices, such as interest rate, equity prices, foreign exchange rates and credit spreads (not relating to changes in the obligor's/ issuer's credit standing), will affect the Bank's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

### Management of market risk

The overall authority for market risk management is vested in the Asset & Liability Committee (ALCO). The Bank's ALCO is responsible for the development of detailed risk management policies and day to day review of their implementation. Risk management Department's scope covers the market risk identification, evaluation and reporting back with its recommendation to the management.

✓

# AFGHAN UNITED BANK

Notes to the Financial Statements

For the year ended December 31, 2023

## Exposure to interest rate risk

The risk to which the Bank's portfolios are exposed, is the risk of loss from fluctuations in the future flows or fair values of financial instrument because of change in market interest rates. Interest rate risk is managed principally through the monitoring of interest rate gaps and by having pre-approved limits for re-pricing bands. ALCO is the monitoring body for compliance with these limits and is assisted by Risk Management Department in its day to day monitoring activities. A summary of the Bank's interest rate gap position on non-trading portfolio is as follows:

		Carrying amount	Less than 3 months	3 - 6 months	6 - 12 months	1 - 5 years	More than 5 years

## Notes to the Financial Statements

For the year ended December 31, 2023

Deposits from customers	14	(15,073,245)	(6,171,989)	(8,850,712)	(50,260)	(285)
Borrowing from financial institution	15	(192,881)	-	(192,881)	-	-
Other liabilities	17	(469,762)	(329,857)	(138,008)	(46)	(1,851)
		(15,735,888)	(6,501,846)	(9,181,601)	(50,306)	(2,136)
Net foreign currency exposure		2,465,521	(1,402,105)	2,357,413	555,462	954,751

## Sensitivity analysis

December 31, 2023		December 31, 2022	
Average rate	Reporting date rate	Average rate	Reporting date rate

## Sensitivity analysis

A 10% strengthening of the Afghani, as indicated below, against the USD and EURO at December 31, 2023 would have increased/ (decreased) equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Bank considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant.

	December 31, 2023		December 31, 2022	
	Equity	Profit or loss	Equity	Profit or loss
	AFN '000'			
USD	(304,808)	(381,010)	(170,623)	(213,279)
EURO	(44,494)	(55,618)	(54,596)	(68,246)

A 10% weakening of the Afghani against the above currencies at December 31, 2023 would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

## **AFGHAN UNITED BANK**

Notes to the Financial Statements

For the year ended December 31, 2023

### **d) Operational risk**

We define the operational risk as the risk of loss resulting from inadequate or failed internal processes, people and system or from external events. With the evolution of Operations Risk Management into a separate distinct discipline, the Bank's strategy is to further strengthen its risk management system along new industry standards. Accordingly the Bank has set up a separate Operational Risk Management function within Risk Management department. The Bank's operational risk management process involves a structured and uniform approach across the Bank. It includes risk identification and assessments, the monitoring of Key Risk Indicators and Risk Control Self-Assessment activities for key operational risks.

**28 CAPITAL MANAGEMENT****Regulatory capital**

The Banks' regulator Da Afghanistan Bank sets and monitors capital requirements for the Bank. The capital adequacy of the Bank is assessed in two tiers as per regulations of the Da Afghanistan Bank.

- Tier 1 or core capital, consisting of the highest quality capital elements that fully meet all the essential characteristics of capital; to be 6% of risk weighted assets.
- Tier 2 or supplementary capital, which includes other instruments which, to a varying degree, fall short of the quality of Tier 1 capital, but nonetheless contribute to the overall strength of a bank as a going concern.
- Regulatory capital is the sum of Tier 1 and Tier 2 capital. Besides, Tier 2 capital cannot exceed from total amount of Tier 1 capital. The Bank complies with these regulations.

The Bank's regulatory capital position at December 31, 2023 was as follows:

	2023	2022
	AFN '000'	
<b>Tier 1 capital</b>		
Total Equity	1,815,384	2,411,719
